Customer support and technology professional with 6 years of experience in customer-facing, analytical, and detail-driven roles. Skilled in documentation, user-focused problem-solving, independent research, issue analysis, customer communication, and learning technical platforms quickly. Currently building toward customer support, SaaS/product support, onboarding, implementation support, operations support, or entry-level IT support roles through technical training and hands-on study.

SKILLS & EXPERTISE

Customer Support & Operations: Customer communication, issue resolution, client follow-up, case ownership, onboarding support, task tracking, escalation awareness, remote customer support

SaaS, Product & Documentation: Product support, platform navigation, user guidance, quality review, CRM-style documentation, knowledge base use, process documentation

Technical Support Foundations: Windows 10/11, Microsoft 365, basic Active Directory concepts, RDP, VPN fundamentals, DNS, DHCP, TCP/IP, connectivity troubleshooting, command-line tools

Tools & Professional Strengths: Microsoft Office, Excel, Linux CLI, Wireshark, Splunk, GitHub, Visual Studio Code, attention to detail, independent research, clear written communication

TECHNICAL TRAINING & EDUCATION

CompTIA A+ | *In Progress*

- Studying Windows support, Microsoft 365 basics, hardware, networking, mobile devices, troubleshooting methodology, security basics, Active Directory fundamentals, and remote support workflows.

IT Remote Support Training Certificate • *Miles IT, Virtual*

03/2026 - 04/2026

- Completed 30 hours of hands-on training in remote desktop support, network troubleshooting, server basics, and cloud support concepts.
- Practiced troubleshooting with RDP, domain-joined systems, file shares, UNC paths, network printers, DNS/DHCP issues, and basic access problems.

Google Cybersecurity Professional Certificate • *Merit America/Coursera, Virtual*

03/2025 - 07/2025

- Completed hands-on training in security fundamentals, incident response, Linux, Python, SIEM tools, network protocol analysis, risk mitigation, and system hardening.
- Practiced reviewing logs, identifying suspicious activity, documenting findings, and applying security-minded troubleshooting.

Some College • *The University of North Carolina at Greensboro, In-Person, 58 Credit Hours*

08/2014 - 05/2016

High School • *James Kenan High School, In-Person*

08/2009 - 06/2014

PROFESSIONAL EXPERIENCE

Web Search Evaluator • *TELUS Digital, Remote*

07/2022 - Present

- Independently evaluate AI-generated responses and web search results for clarity and alignment with user intent
- Deliver structured quality evaluations using a proprietary evaluation dashboard, contributing informed content ratings
- Maintain a high task accuracy during periodic reviews, showing consistency and reliability in a high-autonomy role

Customer Service Associate • *Walgreens, Beulaville, North Carolina*

09/2017 - 08/2020

- Led weekly discussions on Customer Experience metrics (CE Scores) in order to improve overall customer satisfaction
- Operated a point-of-sale system during high-volume hours, helping to maintain excellent wait times and customer flow
- Used an inventory device to assist with stock-level accuracy, supporting product availability and operational readiness

Lab Monitor • *University of North Carolina at Greensboro, Greensboro, North Carolina*

08/2016 - 04/2017

- Provided steady, front-line support to students in a shared academic space, creating a reliable learning environment
- Tracked lab attendance through Excel-based systems, ensuring accurate reporting through attention to process and detail
- Assisted academic staff with administrative tasks, reinforcing team coordination and contributing to the center's mission
